DEPARTMENT ORDER

NO. 2023 - 0141

SUBJECT: Guidelines on the Release and Utilization of the Sub-Allotment and Transfer of Funds to Centers for Health Development (CHDs) and the Ministry of Health – Bangsamoro Autonomous Region in Muslim Mindanao (MOH-BARMM) for the Hiring of One Hundred Fifteen (115) Computer Programmer I (CP I) for the 81 Provinces and 17 Local Government Units (LGU) of the National Capital Region (NCR)

I. RATIONALE

Under the Department of Health (DOH) Administrative Order (AO) No. 2022-0038, entitled “Health Sector Strategy for 2023-2028,” Strategic Objective 3.1 provides that “Primary care and specialist care providers are high quality and well-distributed throughout the country.” To realize this objective, one strategic intervention identified is the implementation of an integrated Information Management System (IMS) as a critical characteristic of Province-wide and City-wide Health System (P/CWHS) that achieved managerial and financial integration. Specific interventions include: (1) mandatory use of an interoperable health information system (iHIS)/ electronic medical records (EMR) in all health facilities, (2) implementation of telemedicine in the delivery of individual-based health services, (3) operations of COVID-19 information systems and other DOH health information systems, applications, and services, and (4) management of cross-cutting implementation areas on data governance, standards and interoperability, data privacy, and cybersecurity, among others.

As the lead unit in the DOH Central Office responsible for the implementation of an integrated IMS at the local level, the Knowledge Management and Information Technology Service (KMITS) is sub-allotting funds, subject to these guidelines.

II. OBJECTIVE

To provide guidelines in the sub-allotment/transfer, release and utilization of funds to CHDs and MOH-BARMM for the hiring of one hundred fifteen (115) Computer Programmers (CP) I to be deployed to the 81 provinces, and 17 LGUs of the NCR for the implementation of integrated IMS at the local level.

III. GENERAL GUIDELINES

The DOH through KMITS shall sub-allot/transfer funds Maintenance and Other Operating Expenses (MOOE) allotment in the amount of **Fifty Million Seven Hundred Thirteen Thousand Pesos (Php 50,713,000.00)** charged against the Epidemiology and Surveillance Program (ESP) 2023 Funds, Fiscal Year 2023 General Appropriations Act/ RA 11936.

*Traveling expenses & other allowable expenses

2. The hired Computer Programmers (CP) I at the CHDs/MOH-BARMM shall constitute the Regional Office eHealth Technical Support Team (ROeHTST) *see Annex A*.
3. The Finance Officer of the CHD and MOH-BARMM shall submit a monthly **Fund Utilization Report**, together with all pertinent documents, and shall record the same in the **Statement of Allotment, Obligation, Balances, and Disbursements (SAOBD)**, to be submitted to the Financial and Management Service, copy furnish to KMITS, every 10th day of the following month.
4. The sub-allotted/transferred funds shall be fully obligated and utilized by 31 December 2023.

and utilization and disbursement covered by these guidelines shall follow the usual government budgeting, accounting and auditing rules and regulations.

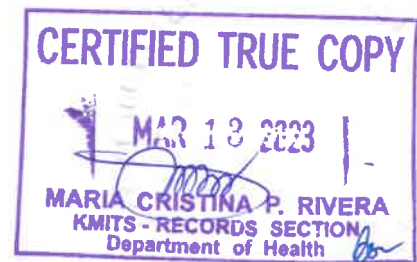

W H

V. EFFECTIVITY

This Order shall take effect immediately.

By Authority of the Secretary of Health:

MA. CAROLINA VIDAL-TAINO, CPA, MGM, CESO I
Undersecretary of Health
Management Service Team

ANNEX A. RESPONSIBILITIES OF THE RECEIVING AGENCY

1. The monthly wage of one hundred fifteen (115) Computer Programmer I will be at Salary Grade 11 amounting to Php 27,000.00 with 20% premium amounting to Php 5,400.00. All hired CP I covered under these guidelines shall have the following roles and responsibilities:
 - a. Manage and monitor the implementation of the requirements for the P/CWHS Characteristic on Info1: Information Management System (IMS);
 - b. Oversee and manage the implementation of the DOH-deployed information systems namely: Integrated Clinic Information System (iClinicSys), Integrated Hospital Operations and Management Information System (iHOMIS), telemedicine, COVID-19 information systems, and other DOH health information systems, applications and services within their respective region;
 - c. Assist in the assessment of health facility readiness to implement iClinicSys, iHOMIS, telemedicine, COVID-19 information systems, and other DOH health information systems, applications, and services;
 - d. Facilitate the installation and configuration of relevant DOH information systems/applications in various health facilities within the region;
 - e. Capacitate local health facilities in the implementation/use of iClinicSys, iHOMIS, telemedicine, COVID-19 information systems, and other DOH health information systems, applications, and services;
 - f. Conduct regular site visits, troubleshooting, and checkpoint monitoring all implementing health facilities within the region;
 - g. Validate requests for usernames and passwords, for particular systems and endorse to KMITS for proper issuance, if not yet delegated;
 - h. Monitor all reporting/implementing health facilities for eFHSIS compliance;
 - i. Provide technical assistance to all implementing/reporting health facilities, including responding to inquiries/clarifications, and updating FAQs based on encounters during system implementation;
 - j. Submit monthly reports/transcription/summary of all queries and actions made to the CHD Director/MOH-BARMM, and to DOH Central Office through HPIDT/KMITS;
 - k. Generate monthly service statistics/status reports on implementation of Info1: IMS, iClinicSys, iHOMIS, telemedicine, COVID-19 information systems, and other DOH health information systems, applications and services as well as other pertinent reports requested by other relevant entities, subject to required approvals;
 - l. Provide other forms of technical assistance related to the implementation of Info1: IMS, iClinicSys, iHOMIS, COVID-19 information systems, and other DOH health information systems, applications and services within their region;
 - m. Support to the administration of standards conformance and interoperability validation (SCIV), and assessment and evaluation of third-party ICT service providers within the region;
 - n. Perform tasks to support epidemiology and surveillance data management:
 - i. Collect information related to disease surveillance and facilitate data entry and management;
 - ii. Develop and implement methods and systems to improve data collection;
 - iii. Coordinate with field epidemiologists in implementing statistical analysis plans to provide reports and perform analysis;
 - iv. Prepare reports and communicate findings to identified report managers for validation and clean-up;
 - v. Use statistical computer software to assist the analysis of data;
 - vi. Contribute to study reports for writing, reporting, and presentations; and
 - o. Execute other tasks that may be assigned relating to the aforesaid IMS areas.

2. All hired CP I shall submit a copy of monthly **Accomplishment Report** every 2nd working day of the following month to KMITs, including all service statistics/status report/accomplished monitoring tools for the aforesaid IMS areas (*See Annex B*).
